

# MASTERY

A CULTURE OF CONTINUOUS LEARNING.

*Tap into curiosity—Creativity starts with questions. We encourage our team to follow their curiosity all the way to creation and push limits in our R&D lab.*

*Foster growth—We help our team amplify their expertise. The iNovex foundry lab provides a place to explore new technologies, learn new skills, and apply creativity.*

*Share ideas—We believe in making opportunities available for all iNovex-ers and partners to experiment and share.*
